VISITOR EXIT SURVEYS

SECTION 1: COMPANY AND PROJECT OVERVIEW AND INSTRUCTIONS

1.0 SUMMARY AND BACKGROUND

GVB seeks to retain a qualified professional research firm ("Firm") to conduct visitor exit surveys at the Guam International Airport (GIAA). The Firm should have specialties in designing, implementing, and evaluating research on Guam for the purpose of assisting GVB in tracking visitor attitude, satisfaction, and spending behavior of departing visitors from Taiwan, China, USA/Hawaii, and Hong Kong. The information collected should also assist GVB to refresh certain baseline data to better understand the nature and economic value of each visitor market segment. The contractual obligation of both parties shall be for FY2012, FY2013 and FY2014 and is subject to the appropriation and availability of funds therefor.

1.1 COMPANY

The GVB is a public non-stock, non-profit membership corporation tasked with the general responsibility to promote the visitor industry on Guam. The Bureau is guided by policies established and developed by its Board of Directors as authorized by Guam law. The Bureau's Board is comprised of twelve (12) voting directors and one (1) alternate director who collectively establish general guidelines necessary to meet the Bureau's goals and objectives, including the identification of short- and long-term goals. The General Manager oversees daily operations of the Bureau. Personnel from Administration, Community Programs, Research and Marketing provide staff support. Department staff also administer and support the goals and activities of Board Standing committees, which are chaired by Board Members and whose membership is comprised of industry, community and governmental representatives. The GVB currently has marketing representative offices in the USA, Japan, Korea, China, Hong Kong, Taiwan and the Philippines. GVB's funding source is the Tourist Attraction Fund (TAF). Occupancy taxes, currently at 11%, are collected and deposited into the TAF. Aside from supporting the GVB operations, the TAF also supports the development and promotion of tourism-related projects and the maintenance of public parks, beaches and recreational facilities.

1.2 CURRENT SITUATION

Through the years since the creation of the GVB Research Department in 1991, various exit surveys have been conducted with Japan, Korea, Taiwan, Hong Kong and USA/Hawaii. With the exception of Japan and Korea, all other exit surveys have ceased. With changing times, the GVB seeks to establish baseline data for Taiwan, Hong Kong, China and USA/Hawaii.

1.3 CONTRACT TERM AND OPTIONS

The contract(s) awarded under this RFP may be for individual country surveys as described in Section 3: Scope of Work. The decision to issue and award the project shall be the sole discretion of the GVB and shall be subject to certain conditions, including the following: the availability of funds, the GVB's satisfaction with the offeror's work and the successful negotiation of the fee.

1.4 SINGLE POINT OF CONTACT

From the date of this RFP is issued until an offeror is selected and the selection is announced by the procurement officer, offerors are not allowed to communicate with any staff or officials of the Office of the Governor and GVB regarding this procurement, except at the direction of Mrs. Joann G. Camacho, GVB General Manager. Contact information for the single point of contact is as follows:

1.5 REQUIRED REVIEW

1.5.1 The Offeror is required to read each and every page of the Proposal and by the act of submitting a proposal shall be deemed to have accepted all conditions contained therein except as noted elsewhere. In no case will failure to inspect constitute grounds for a claim or for the withdrawal of a proposal after opening. Proposals shall be filled out in ink or in typewritten and signed in ink. Erasures or other changes in a proposal must be explained or noted over the signature of the Offeror. Proposals containing any conditions, omissions, unexplained erasures or alterations or items not called for in the RFP, or irregularities of any kind may be rejected by the GVB as being non-complying.

1.5.2 Form of Questions. Offerors with questions or requiring clarification or interpretation of any section within this RFP must address these questions in writing or via e-mail to the single point of contact referenced above on or before the date specified in the **Timetable (Appendix C)**. Each question must provide clear reference to the section, page and item in question. Questions received after the deadline may not be considered.

1.5.3 Responses. The GVB will provide a written answer to all questions received by the date specified in the section Timetable. The response will be by formal written addendum. Any form of a written addendum will be forwarded to all Offerors who have picked up a RFP by the close of business on the date listed in the Timetable. Offerors must sign and return any addendum with their RFP response.

1.6 PRE-PROPOSAL CONFERENCE

Pre-proposal conferences may be permitted anytime prior to the date of receipt established herein. The conferences will be conducted only to explain the procurement requirements for this RFP. The GVB will notify the offerors of any substantive clarification provided in response to any inquiry. The GVB will extend the due date if such information significantly amends the solicitation or makes compliance with the original proposed due date impractical.

1.7 GENERAL REQUIREMENTS

1.7.1 Acceptance of Standard Terms and Conditions/Contract. By submitting a response to this RFP, offeror agrees to acceptance of the standard terms and conditions and contract as set out in this RFP. Much of the language included in the standard terms and conditions and contract reflects

requirements of Guam Procurement Law. Requests for any necessary licenses, or any added provision must be submitted to the procurement officer referenced above by the date for receipt of written questions and must be accompanied by an explanation of why the exception is being sought and what specific effect it will have on the offeror's ability to respond to the RFP or perform the contract. The GVB reserves the right to address non-material requests for exceptions with the high scoring offeror during contract negotiation. Any material exceptions requested and granted to the standard terms and conditions and contract language will be addressed in any formal written addendum issued for this RFP and will apply to all offerors submitting a response to this RFP. The GVB will make any final determination of changes to the standard terms and conditions and/or contract.

- 1.7.2 Resulting Contract.** This RFP and any addenda, the offeror's RFP response, including any amendments, a best and final offer, and any clarification question responses shall be included in any resulting contract. The contract shall contain the contract terms and conditions that will form the basis of any contract between the GVB and the highest scoring offeror. In the event of a dispute as to the duties and responsibilities of the parties under this contract, the contract, along with any attachments prepared by the GVB will govern in the same order of precedence as listed in the contract.
- 1.7.3 Mandatory Requirements.** To be eligible for consideration, an offeror *must* meet the intent of all mandatory requirements. The GVB will determine whether an offeror's RFP response complies with the intent of the requirements. RFP responses that do not meet the full intent of all requirements listed in this RFP may be subject to point reductions during the evaluation process or may be deemed non-responsive.
- 1.7.4 Understanding of Specifications and Requirements.** By submitting a response to this RFP, offeror agrees to an understanding of and compliance with the specifications and requirements described in this RFP.
- 1.7.5 Prime Contractor/Subcontractors.** The highest scoring offeror will be the prime contractor if a contract is awarded and shall be responsible, in total, for all work of any subcontractors. All subcontractors, if any, must be listed in the proposal. The GVB reserves the right to approve all subcontractors. The Contractor shall be responsible to the GVB for the acts and omissions of persons employed directly by the Contractor. Further, nothing contained within this document or any contract documents created as a result of any contract awards derived from this RFP shall create any contractual relationships between any subcontractor and the GVB.
- 1.7.6 Offeror's Signature.** Any individual authorized to legally bind the business submitting the proposal must sign the proposals in ink. The offeror's signature on a proposal in response to this RFP guarantees that the offer has been established without collusion and without effort to preclude the GVB from obtaining the best possible supply or service. Proof of authority of the person signing the RFP response must be furnished upon request.
- 1.7.7 Offer in Effect for 120 Days.** A proposal may not be modified, withdrawn or canceled by the offeror for a 120-day period following the deadline for proposal submission as defined in the Timetable, or receipt of best and final offer, if required, and offeror so agrees in submitting the proposal.
- 1.7.8 Major Shareholders Disclosure Affidavit.** As a condition of Offeror, any partnership, sole proprietorship or corporation doing business with the GVB shall submit an affidavit, executed under oath that lists the name and address of any person who holds more than 10 percent (10%) of the

The affidavit shall contain the number of shares or the percentage of all assets of such partnership, sole proprietorship or corporation, which are held by such person during the twelve (12) month period. In addition, the affidavit shall contain the name and address of any person who has received or is entitled to receive a commission, gratuity or other compensation for procuring or assisting in obtaining business related to the proposal for the Offeror and shall also contain the amounts of any such commission, gratuity or other compensation. The affidavit shall be open and available to public inspection and copying.

If the service provider is found to be in violation of any of the provisions of this paragraph, then the GVB will give notice to the service provider to take corrective action. The service provider shall take corrective action within twenty-four hours of notice from the GVB and the service provider shall notify the GVB when action has been taken. If the service provider fails to take corrective steps within twenty-four hours of notice from the GVB, then the GVB, in its sole discretion may suspend temporarily any contract for services until corrective action has been taken.

Please note that the statutory restriction does not prohibit service providers from employing sex offenders. The statute also does not prevent the sex offenders employees from providing services under a government contract so long as none of the work is done while on Government of Guam property.

1.7.11 Rejection. The GVB shall have prerogative to reject proposals in whole or in part if a determination is made such to be in the public interest or for any reason allowed by law.

1.7.12 Invoicing and Payment Terms and Conditions: All invoices from the offeror who is awarded the contract arising from this RFP shall include supporting documents (i.e., timesheets, shipping invoices, consumable listings, receipts, etc.). Breach of this warranty shall give the GVB the right to terminate the contractor or at its discretion to deduct from the contract price or consideration the amount of such commission, percentage, brokerage, or contingent fees. This warranty shall not apply to commission payable by contractors upon contracts or sales secured or made through bona fide established commercial or selling agencies maintained by the contractors for the purpose of securing business.
- 1.7.17 Equal Employment Opportunity.** Section 3.01(1) of the Presidential Executive Order No. 10935 dated March 7, 1965, requires the Offeror not to discriminate against any employee or applicant for employment because of race, creed, color or national origin. The Offeror will take affirmative action to insure that applicants are employed and that employees are treated equally during employment without regard to their race, creed, color or national origin.

However, please bear in mind that proposals should be submitted initially on your most favorable terms. In conducting discussions there shall be no disclosure of any information derived from proposals submitted by competing Offerors.

1.9.1 GVB Not Responsible for Preparation Costs. The costs for developing and delivering responses to this RFP and any subsequent presentations of the proposal as requested by the GVB are entirely the responsibility of the offeror. The GVB is not liable for any expense incurred by the offeror in the preparation and presentation of their proposal or any other costs incurred by the offeror prior to execution of a contract.

1.9.2 All Timely Submitted Materials Become the Property of the GVB. All materials submitted in response to this RFP become the property of the GVB and are to be appended to any formal documentation, which would further define or expand any contractual relationship between the GVB and offeror resulting from this RFP process.

2.0 AUTHORITY

This RFP is issued under the authority of the Guam Procurement Act (Public Law 16-124) and the Guam Procurement Regulations. The RFP process is a procurement option allowing the award to be based on stated evaluation criteria. The RFP states the relative importance of all evaluation criteria.

2.1 OFFEROR COMPETITION

The GVB encourages free and open competition among offerors. Whenever possible, the GVB will design specifications, proposal requests, and conditions to accomplish this objective, consistent with the necessity to satisfy the GVB's need to procure technically sound, cost-effective services and supplies.

2.2 RECEIPT OF PROPOSALS AND PUBLIC INSPECTION.

2.2.1 Receipt/Opening of Proposals. Proposals shall not be opened publicly, and shall be opened in the presence of two or more procurement officials. Proposals and modifications shall be time-stamped upon receipt and held in a secure place until the established due date. After the date established for receipt of proposals, a Register of Proposals shall be prepared which shall include for all proposals the name of each offeror, the number of modifications received, if any, and a description sufficient to identify the supply, service, or construction item offered. The Register of Proposals shall be opened to public inspection only after award of the contract. Proposals and modifications shall be shown only to government personnel having a legitimate interest in them.

2.2.2 Review of Proposals. Upon opening the proposals received in response to this RFP, the procurement officer in charge of the solicitation will establish an evaluation committee to review and evaluate all proposals.

2.3 CLASSIFICATION AND EVALUATION OF PROPOSALS.

2.3.1 Initial Classification of Proposals as Responsive or Non-Responsive. All proposals will initially be classified as either "responsive" or "non-responsive". Proposals may be found non-responsive any time during the evaluation process or contract negotiation if any of the required information is not provided; the submitted price is found to be excessive or inadequate as measured by criteria stated in the RFP; or the proposal is not within the plans and specifications described and required in the RFP. If a proposal is found to be non-responsive, it will not be considered further.

2.3.2 Determination of Responsibility. The procurement officer will determine whether an offeror has met the standards of responsibility. Such a determination may be made at any time during the evaluation process and through contract negotiation if information surfaces that would result in a determination of non-responsibility. If an offeror is found non-responsible, the determination must be in writing, made a part of the procurement file and mailed to the affected offeror.

2.3.3 Evaluation of Proposals. The evaluation committee will evaluate the remaining proposals and recommend whether to award the contract to the highest ranking offeror or, if necessary, to seek discussion/negotiation or a best and final offer in order to determine the highest scoring offeror. All responsive proposals will be evaluated based on stated evaluation criteria. In scoring against stated criteria, the GVB may consider such factors as accepted industry standards and a comparative evaluation of all other qualified RFP responses in terms of differing price, quality, and contractual factors. These scores will be used to determine the most advantageous offering to the GVB.

- 2.3.4 Completeness of Proposals.** Selection and award will be based on the offeror's proposal and other items outlined in this RFP. Submitted responses may not include references to information located elsewhere, such as Internet websites or libraries, unless specifically requested. Information or materials presented by offerors outside the formal response or subsequent discussion/negotiation or "best and final offer," if requested, will not be considered, will have no bearing on any award, and may result in the offeror being disqualified from further consideration.
- 2.3.5 Pre-Selection Interviews.** After receipt of all proposals and prior to the determination of the award, the GVB may initiate discussion, with one or more offerors, if clarification or negotiation is necessary. Offerors may also be required to make an oral presentation and/or product demonstration to clarify their RFP response or to further define their offer. In either case, offerors should be prepared to send qualified personnel to meet with the GVB to discuss technical and contractual aspects of the proposal. Oral presentations and product demonstrations, if requested, shall be at the offeror's expense.
- 2.3.6 Best and Final Offer.** The "Best and Final Offer" is an option available to the GVB under the RFP process, which permits the GVB to request a "best and final offer" from one or more offerors if additional information is required to make a final decision. Offerors may be contacted asking that they submit their "best and final offer," which must include any and all discussed and/or negotiated changes. The GVB reserves the right to request a "best and final offer" for this RFP, if any, based on price/cost alone.
- 2.3.7 Evaluation Committee Recommendation for Contract Award.** The evaluation committee will provide a written recommendation for contract award to the procurement officer that contains the scores, justification and rationale for its decision. The procurement officer will review the recommendation to ensure its compliance with the RFP process and criteria before concurring in the evaluation committee's recommendation.
- 2.3.8 Contract Negotiation.** The procurement officer and/or GVB representatives may begin contract negotiation with the responsive and responsible offeror whose proposal achieves the highest score and is, therefore, the most advantageous to the GVB. If contract negotiation is unsuccessful or the highest scoring offeror fails to provide necessary documents or information in a timely manner, or fails to negotiate in good faith, the GVB may terminate negotiations and begin negotiations with the next highest scoring offeror.
- 2.3.9 Failure to Negotiate Contract with Best Qualified Offeror.** If compensation, contract requirements, or contract documents cannot be agreed upon with the best qualified Offeror, a written record stating the reasons therefore shall be placed in the file and the GVB will advise such Offeror of the termination of negotiations which shall be confirmed by written notice with three (03) days. Upon failure to negotiate a contract with the best-qualified Offeror, the GVB will enter into negotiations with the next most qualified Offeror. If negotiations again fail, negotiations will be terminated as provided in the Section and commence with the next qualified Offeror.
- 2.3.10 Contract Award.** Contract award, if any, will be made to the highest ranking offeror who provides all required documents and successfully completes contract negotiation. All parties will execute a formal contract incorporating the Standard Terms and Conditions. The contract may be awarded in part or whole depending on the Offeror's proposal as deemed in the best interest of the GVB.

E. Data Tabulation

1. Raw Data Accumulated: Entered data will be accumulated and an SPSS compatible data file will be created and stored by the Contractor for the GVB Research Department. An SPSS set-up file shall define all variables and value labels. Storage of data files is for an indefinite period. The data collected for each survey is the sole property of the GVB and use of the data other than for the analysis as prescribed by the GVB is not permitted.
2. Open-ended Responses Prepared: Questions that are open-ended will be translated into English and a question-by-question open-end file will be created. Open-ended responses will be alphabetized and reported in the Top Line Code Book report.
3. Expenditure Outliers to be reviewed with GVB: Outliers, either too large or too small, will be reviewed and discussed with GVB with respect to their treatment.
